PROGRAM OVERVIEW

Thursday March 12, 2015

10:00 Registration desks opens - Monastery “Het Pand”

13:00 – 13:20 Opening of the conference

13:20 – 13:30 Announcement of EPATH Student Initiative

13:30 – 14:00 Plenary Session I: Henriette Delemarre Memorial Lecture

14:00 – 15:30 Stream Sessions I

15:30 – 17:00 Coffee break & Attended Poster Session

17:00 – 18:00 Meeting & Networking Opportunities

18:00 – 22:00 Public Plenary Session: Human Rights and Health Care in Europe

Friday March 13, 2015

09:00 – 10:45 Plenary Session II: Transgender Health Care in Europe

10:45 – 11:15 Coffee break

11:15 – 12:45 Multidisciplinary Workshops - part I

12:45 – 13:30 Lunch

13:30 – 15:30 Stream Sessions II

15:30 – 16:00 Coffee break

16:00 – 18:00 Multidisciplinary Workshops - part II

18:00 – 19:30 Meeting & Networking Opportunities

20:00 – …… Dinner & Party

Saturday March 14, 2015

08:30 Opening of reception desk

09:00 – 10:45 Plenary Session IV: The Year in Review

10:45 – 11:15 Coffee break

11:15 – 12:45 Stream Sessions III

12:45 - 13:00 Closing ceremony

14:00 – 17:00 Meeting & networking opportunities

SPONSORS
SCIENTIFIC COMMITTEE

Organising Committee
Guy T’Sjoen, Griet De Cuypere, Stan Monstrey, Guy Bronselaer and Joz Motmans (Belgium), Timo Nieder (Germany), Annelou De Vries (the Netherlands), and Walter Bouman (UK).

Stream coordinators
The stream convenors consist of a small group of known specialists in their discipline/field who together are responsible for the selection of abstracts, as well as for setting up the (clinical) trainings within their discipline.

Mental Health
- Baudewijntje Kreukels (The Netherlands)
- Cecilia Dhejne (Sweden)
- Dragana Duisin (Serbia)
- Esther Gomez-Gil (Spain)
- Şahika Yüksel (Istanbul, Turkey)
- Walter Pierre Bouman (UK)

Children and adolescents
- Jiska Ristori (Italy)
- Polly Carmichael (UK)
- Birgit Moller (Germany)
- Annelou de Vries (the Netherlands)
- Karlien D’Hondt (Belgium)
- Kaltiala-Heino Riittakerttu (Finland)

Endocrinology
- Alessandra Fisher (Italy)
- Yona Greenman (Israel)
- Isabel Esteva (Spain)
- Malene Hilden (Denmark)
- Guy T’Sjoen (Belgium)
- Chiara Manieri (Italy)

Law
- Stephen Whittle (UK)
- Gerd Verschelden (Belgium)
- Alexander Schuster (Italy)
- Alecs Recher (Switzerland)

Social sciences
- Zowie Davy (UK)
- Janneke van der Ros (Norway)
- Joz Motmans (Belgium)

Voice and communication
- Maria Södersten (Sweden)
- Christella Antoni (UK)
- Alexandros N. Constansis (UK)
- John Van Borsel (Belgium)

Surgery
- Stan Monstrey (Belgium)
- Miroslav Djordjevic (Serbia)

The conference is organised in partnership with the World Professional Association for Transgender Health (www.wpath.org).

Lieke Vrouenraets  
Early medical treatment of children with gender dysphoria: An empirical ethical study on arguments of proponents and opponents concerning early interventions

Session 1b  
**Research updates**  
**Chair:** Karlien Dhondt

**Sarah Burke**  
Sex-typical and sex-atypical white matter microstructure in gender dysphoric children and adolescents- a diffusion Tensor Imaging study

**Angela Caldarera**  

**Rosalia Costa**  
Psychological support and puberty suppression improve global functioning in transsexual adolescents

**India Webb**  
An investigation of body image satisfaction in young people: a comparison of persons with features of gender dysphoria and a non-clinical sample

**Inga Becker**  
Body Experiences of Gender Variant Adolescents

**STREAM ENDOCRINOLOGY**

**Session 1a**  
**Effects of hormonal treatment**  
**Chair:** Malene Hilden

**Maria Cristina Meriggiola**  
Safety and efficacy of cyproterone acetate or GnRH analogs plus transdermal estradiol in transgender persons

**Maartje Klaver**  
Specific effects of different forms of cross-sex hormone therapy on body weight in transgender people

**Angelina Vidales Miguélez**  
Cross-sex hormone treatment (CHT) and cumulative incidence of Metabolic Syndrome in Spanish transsexual population: 5 years follow-up

**Daniel Klink**  
Increased ambulatory blood pressure in adolescents with gender dysphoria treated with gonadotropin-releasing hormone analogues

**Leighton Seal**  
Self-medication in trans people is not associated with deterioration in cardiovascular risk factors but is associated with reduced vitamin D levels and antidepressant use

**Session 1b**  
**European views on hormonal therapy**  
**Chair:** Yona Greenman

**Jesus Perez-Luis**  
Prevalence of transsexualism in the province of Santa Cruz de Tenerife

**Svetlana Vujovic**  
A twenty year follow up study of transsexualism in Serbia

**David Bell**  
Primary care monitoring for patients on hormones in Northern Ireland

**Ye Kyaw**  
Oestrogen implant as an alternative form of hormone replacement therapy in trans women; testosterone implant in trans men: efficacy and safety

**STREAM SOCIAL SCIENCES**

**Session 1**  
**Ethical aspects in social trans research**  
**Chair:** Janneke van der Ros

**Amets Suess**  
Patients, Research Objects or Co-Researchers? Research Ethics in Trans* Studies

**Fabio Barbone**  
Epidemiologic considerations on transsexualism
**STREAM LAW**

**Session 1**

**Legal aspects of transgender health care**  
Chair: Gerd Verschelden  

Constantin Cojocariu  
Legal standards on transgender health care in prison in Europe from a comparative perspective  

Peter Dunne

Eszter Kismódi  
Legal, policy and human rights implications of ICD changes on transgender health care  

Alecs Recher  
“Thanks for helping my patient!” An example of successful collaboration between activists, health and legal professionals  

15:30 – 17:00  
Coffee break & Attended Poster Session  

17:00 – 18:00  
Meeting & Networking Opportunities  

18:00 – 22:00  
Public Plenary Session: Human Rights and Health Care in Europe  
Chair: Joz Motmans  

**Welcome addresses**  

**Key notes:**  

- **Youth with gender incongruence: culture and future**  
  by Peggy Cohen-Kettenis (Department of Medical Psychology, VU University Medical Center, the Netherlands)  

- **Fertility options for trans people**  
  by Petra De Sutter (Head Dept. Reproductive Medicine, University Hospital Gent, Belgium)  

- **Trans health care in Europe: findings from the FRA EU LGBT survey**  
  by Dennis van der Veur (European Union Agency for Fundamental Rights): video conference  

- **Human rights for trans people: taking stock of where we are in Europe**  
  by Richard Köhler (TGEU)  

This session is open for the public & followed by reception and announcement of Poster Award.
Friday March 13, 2015

09:00 – 10:45  Plenary Session II: Transgender Health Care in Europe
Chair: Griet De Cuypere

Six gender teams present the organisation of the clinical practices for trans health care in their country. This recurrent part of the EPATH conference will each time give room to countries from different parts of Europe. For this year the following countries were invited:

- **Belgium**: Els Elaut (Centre for Sexology and Gender, UZ Ghent)
- **Germany**: Timo O. Nieder (Clinic for Sexual Health and Transgender Care, Interdisciplinary Transgender Health Care Center Hamburg)
- **Israel**: Yona Greenman (Institute of Endocrinology and Metabolism, Tel Aviv Medical Center)
- **Spain**: Clara de Castro (Hospital Clinic Barcelona)
- **Turkey**: Şahika Yüksel (INCA Istanbul)
- **United Kingdom**: John Dean (Devon Partnership NHS Trust).

10:45 – 11:15  Coffee break

11:15 – 12:45  Multidisciplinary Workshops - part I

12:45 – 13:30  Lunch

13:30 – 15:30  Stream Sessions II

All streams will have parallel sessions.

STREAM MENTAL HEALTH

Session 2a  Quality of life, discrimination and abuse
Chair: Cecilia Dhejne

Jon Arcelus  Predictors of Psychological Wellbeing
Nataša Jokic Begic  Being transsexual in Croatia
Alessandra Fisher  Transphobia and homophobia levels in general population, health care providers and in gender dysphoria individuals
Davide Dettore  Internalized Trans-negativity: towards the development of an instrument of measure
Koray Basar  Perceived discrimination and quality of life of transgender individuals in Turkey
Marco Colizzi  Dissociative symptoms in transsexual individuals: is the elevated prevalence real?

Session 2b  Treatment, transition and support
Chair: Baudewijntje Kreukels

Titia Beek  Motives behind non-classical treatment requests in transgender individuals
Andrew Davies  People who de-transition: Themes from a case note review
Els Elaut  Sexual functioning in applicants for gender-confirming treatment: A European multicenter follow-up study
Sarah Finzi  Gender variant youth, school drop-out and perceived quality of family relations
Chiara Crespi  Is testosterone treatment associated with high levels of anger expression in trans men?
Jon Arcelus  Interpersonal functioning among trans individuals and the role of Interpersonal Psychotherapy

STREAM CHILDREN AND ADOLESCENTS

Session 2  Sharing clinical experiences in different European countries
Chair: Jiska Ristori

Chiara Baietto  Gender dysphoria in childhood and adolescence and psychological development: clinical records
Martinez-Tudela  Position Statement: SIAMS- SIE- SIEDP-ONIG Consensus on medical treatment in gender dysphoric adolescents
Jiska Ristori Preliminary data on adolescents with gender dysphoria at the Unit in the AOU-Careggi
Birgit Möller Gender dysphoria in children and adolescents, associated mental health problems, treatment experiences and wishes for improvement of transgender health care in Germany
Şahika Yüksel Working with gender dysphoric adolescents: an experience from Turkey
Clara de Castro A descriptive study of children and adolescents with gender dysphoria who asked for public health service at the Gender Identity Unit of Catalonia, Spain

**STREAM ENDOCRINOLOGY**

**Session 2** Hormone induced changes  
Chair: Josh Safer

Alessandra Fisher Time needed for cross-sex hormonal treatment to induce physical changes and to improve gender dysphoria in MtF individuals
Florian Schneider Clinical characterization of patients with gender dysphoria undergoing sex-reassignment surgery (SRS) focusing on testicular functions
Elena Castellona Sexual functioning in trans women after SRS: the CIDIGem experience.
Darshi Sivakuram A retrospective study on the use of androgen therapy in trans women to treat HSSD.
Iffy Middleton Iffy Middleton Endometrial hyperplasia in trans men-to scan or not to scan?
Aye Naing Is polycytemia a marker of high cardiovascular risk in trans men?

**STREAM SOCIAL SCIENCES**

**Session 2** The politics of trans* health & trans parenting 
Chair: Joz Motmans

Janneke van der Ros Citizenship by diagnosis? The social dimension of citizenship and trans* related health care provision in social democratic welfare regimes: the case of Norway
Esben Esther Pirelli Benestad Proceedings and conclusions from the Norwegian expert group on transgender health
Zowie Davy Democratizing diagnoses: (trans*)forming the DSM-5 and ICD-11
Myrte Dierckx The effects of having a trans parent on children and their psychosocial well-being
Jonas Björklund Experiences of children with parental transition – Results of a qualitative media analysis using online sources
Udo Rauchfleisch Future aspects of "treating" transgender persons

**STREAM VOICE AND COMMUNICATION**

**Session 2** Male-to-female transsexual voice  
Chair: Alexandros N. Constansis

Astrid Thybo Translation of the self- evaluation instrument Transsexual Voice Questionnaire (Male-to-Female) (TVQMtF) from English to Danish
Maria Södersten Translation, test of reliability and validity of the Swedish version of the Transsexual Voice Questionnaire Male-to-Female (TVQMtF)
Irene F. Kling The contribution of Motor Learning Theory to voice modification: the transgender client
Matthew Mills  Lived experience: a service evaluation of the Voice Group Programme at Charing Cross Gender Identity Clinic
Tatiana Zborovskaya  The point of no identity: linguocultural impact on transgender mental health

**STREAM SURGERY**

**Session 2  MTF surgery, steps to patient's satisfaction**
Chair: Miroslav Djordjevic

Joke A.M. Groot  Transgender with good pelvic floor muscle functions, what does it mean?
Carlo Trombetta  The neourethrocitoroplasty: our experience and results.
Hannes Sigurjonsson  Solely penile skin vaginoplasty for male to female gender reassignment surgery – preliminary results of vaginal depth measurement of 60 patients
Luis Capitan  Facial Feminization Surgery: the forehead. Surgical techniques and analysis of results
Marta Bizic  Sigmoid vaginoplasty as a viable surgical option for male to female transsexuals

15:30 – 16:00  Coffee break

16:00 – 18:00  Multidisciplinary Workshops - part II

Saturday March 14, 2015

08:30 Opening of reception desk

9:00 – 10:45 Plenary Session IV: The Year in Review

Chair: Piet Hoebeke & Guy Bronselaer

A speaker from each stream presents a synoptic review of notable new literature in various subspecialties of transgender care, with a primary focus on studies that had relevance for health care decision making (15 minutes each).

- **Mental health**: Johannes Fuß (Institute for Sex Research and Forensic Psychiatry in Hamburg, Germany)
- **Children and adolescents**: Thomas Steensma (VU University Medical Center, the Netherlands)
- **Endocrinology**: Matthias Auer (Max Planck Institute of Psychiatry, Germany)
- **Social Sciences**: Joz Motmans (UZ Ghent, Belgium)
- **Voice and communication**: Marjan Cosyns (UZ Ghent, Belgium)
- **Surgery**: Stan Monstrey (UZ Ghent, Belgium)
- **Law**: Alecs Recher (TGEU, Transgender Network Switzerland (TGNS))

10:45 – 11:15 Coffee break

11:15 – 12:45 Stream Sessions III

All streams will have parallel sessions.

**STREAM MENTAL HEALTH**

**Session 3**

- **Body image, body uneasiness, and sexuality**
  Chair: Thomas Steensma

  - Giovanni Castellini: The consequences of body uneasiness in gender dysphoric persons: pathological behaviours and eating psychopathology
  - Gemma Witcomb: Body image and eating disorders psychopathology in trans individuals: A matched control study of trans individuals, eating disorders clinical cases and control group
  - Tim van de Grift: Body image and gender dysphoria-the effects of sex reassigning interventions
  - Alessandra Fisher: Psychobiological correlates of sexual distress in gender dysphoric individuals without genital reassignment surgery
  - Susanne Cerwenka: Long-term development of sexual orientation in individuals with gender dysphoria during transition

**Session 3b**

- **Risk, transition, and treatment**
  Chair: Hertha Richter-Appelt

  - Clara de Castro: Perceived rejection and sexual and physical abuse in childhood and adolescence in Spanish gender dysphoric adults attending a gender unit
  - Nick Mepham: People with gender dysphoria who self-prescribe cross sex hormones: prevalence, sources and side effect knowledge
Marta Zatta  
Prevalence of HIV, HBV and HCV among transgender persons belonging to an Italian centre qualified for total sex-reassignment surgery

Maria Cruz Almaraz  
HIV, Virus B and Virus C infections and risk behaviours among transsexual persons attending Andalusian gender team

Madeline Deutsch  
Pre-exposure chemoprophylaxis for HIV Prevention in transgender women

**STREAM CHILDREN AND ADOLESCENTS**

**Session 3**  
On going debates  
Chair: Polly Carmichael

Bernadette Wren  
Making up people: understanding gender non-conformity of childhood as both biologically grounded and socially constructed

Griet De Cuypere  
Gender incongruence in childhood in ICD 11: yes or no?

Sam Winter  
Gender incongruence in childhood: stigmatizing difference

Ametss Suess  
Gender diversity in childhood from a depathologisation and human rights perspective

Kenneth J. Zucker  
Gender Incongruence in childhood: a developmental perspective

**STREAM ENDOCRINOLOGY**

**Session 3**  
Biomedical aspects in transgender care  
Chair: Alessandra Fisher

Chloe De Roo  
Anti-Müllerian hormone (AMH) serum levels are correlated with the number of intermediary and primary follicles in ovaries of female-to-male transgender persons

Anna Starcevic  
Volumetric magnetic resonance imaging analysis of putamen in therapy naive transsexual patients

Eva Van Caenegem  
Bone health in trans men: one year follow-up data from a prospective case-controlled study (ENIGI)

Daniel Klink  
Peak bone mass in young adulthood following gonadotropin releasing hormone analogue (GnRHa) treatment during sex reassignment in adolescence.

Esther Botto  
Bone metabolism in transsexual patients after sex reassignment surgery

**STREAM SOCIAL SCIENCES**

**Session 3**  
Trans* sexualities, embodiment and dilemmas  
Chair: Zowie Davy

Marriane Cense  
Sexual victimization of transgender people in the Netherlands: prevalence, risk factors, experiences and needs

Robin Bauer  
Neither absent nor extreme: Lived realities and challenges of trans and gender queer sexuality

Lydia Geijtenbeek  
Is there an penalty to being a woman? Or to becoming one?

Judit Takács  
Transgender healthcare in post-socialist Central and Eastern Europe

Olena Romaniuk  
Discovering of self: identity formation process of transsexuals in Ukraine
STREAM VOICE AND COMMUNICATION

Session 3  
Female-to-male transsexual voice  
Chair: Christella Antoni

Marjan Cosyns  
Voice in female-to-male transsexual persons after long-term androgen therapy

Ulrika Nygren  
Voice assessment and voice changes in trans men during testosterone treatment

Alexandros N. Constansis  
The singing female-to-male (FTM) voice research and programme: ten years on

Alexandros N. Constansis  
Case study of a performance-active changing female-to-male (FTM) voice

Gillie Stoneham  
Sing for your life! Establishing a transgender voice group: benefits to students and clients

STREAM SURGERY

Session 3  
FTM surgery, techniques and outcomes  
Chair: Stan Monstrey

Chloe Wright  
A systematic review of patient-reported outcome measures for trans men undergoing chest contouring surgery

Julia Henderson  
Dermal flap nipple preserving mastectomy for trans men: a new technique

Franklin Kuehhas  
Patient reported outcomes for metoidioplasty

Maurice Garcia  
Light touch, erogenous neophallus sensation, sexual function, durability of neophallus dimensions, and pre/post op satisfaction following 3-stage phalloplasty genital gender confirming surgery

Vladimir Kojovic  
Reversal surgery in regretful transsexuals after sex reassignment surgery

12:45 - 13:00  
Closing ceremony

- Summary, reflections about the first EPATH Conference,  
  *Guy T’Sjoen, Joz Motmans, Timo O. Nieder*
- Announcement of the next EPATH conference

14:00 – 17:00  
Meeting & networking opportunities
SPONSERS

The first biennial Conference of the EUROPEAN PROFESSIONAL ASSOCIATION FOR TRANSGENDER HEALTH (www.epath.eu) is kindly sponsored by:

Our Preferred Carrier for the EPATH conference 2015. 10% discount on available return economy fares from Europe, Tel Aviv & Moscow to Brussels.
