Inside Matters

The EPATH board presents you our **largest** trans specific scientific program to date

HISTORY

IN THE MAKING

stuffpanda.com

EPATH?

- Increasing research, creation of new Gender Teams in Europe, but no specific forum to discuss or present work.
- Many research teams remain(ed) absent @ WPATH despite conducting excellent research.
- Need of interdisciplinary exchange of methods, research results, knowledge.
- Get the whole European continent involved
- EPATH Rome: The broad spectrum of transgender health, *with a special focus on religion, ethics and law.*

EPATH = YOU

- 34 work shop proposals, 16 during the program
- 14 plenary sessions
- 26 stream sessions
- Mental health and social sciences 2 at a time
- For the first time a full program on voice and law
- 151 oral presentations + posters

*Thank
you*

Friday “The Year in Review”

- aims at exchanging knowledge across disciplines
- In 15 minutes a synoptic review of notable new literature in various sub-specialties is presented.

Saturday “Transgender Health Care in Europe”

- dedicated to exchanging the organisation of clinical practices for transgender health care in different European countries
- allows countries from different parts of Europe to share clinical services and practices
- 2019: Italy, Ireland and Poland.

EPATH as a chapter of WPATH

- First meeting in Brussels 2013, EPATH was launched in Bangkok during WPATH (02/2014)

A brief look back -1

A SPECIAL THANK YOU TO OUR SPONSORS

General Assembly

- Location EPATH 2021
- Meet our new board members
- Re-evaluate our Scientific Stream Board members

Be gentle

- EPATH conference should be inclusive and safe for all participants
- Language guidelines – Code of conduct
- EPATH wishes to create a learning context, based on academic and clinical evolutions and research.
- Critical discussions are part of the conference, we want to talk to each other, and exchange ideas, and please always do so in a respectful manner.

Guidelines for presenters

Code of conduct
